

«E-Methodics and Didactics in Adult Education - E-ducate» is a Grundtvig – Multilateral project aiming to incorporate new methods for learning in adult education system by training trainers and supporting developing and producing seminars using e-Moderation and e-Didactics approaches such as webinars and video seminars.

**The project milestones:**

- ✓ Development of an intercultural training for e-moderation and e-training
- ✓ Implementation of a pilot course, the training for trainers seminar
- ✓ Create a final curriculum for e-training
- ✓ Set up quality standards
- ✓ Generate an e-learning platform in four languages
- ✓ Development of a support tool to continue trainer assistance
- ✓ Possible certification of the seminar on a national scale
