Partners & Basic Idea

Partners:

1. [Le LABA](#) (France)
2. [MOMENTUM](#) (Ireland)
3. [European E-learning Institute](#) (Denmark)
4. [HAEA](#) (Greece)
5. [FUNDACION CIBERVOLUNTARIOS](#) (Spain)
6. [Creative Spark Limited](#) (Ireland)

Basic Idea

The BESTIE - Befriending for Social and Digital Inclusion project will evoke cooperation within the community on an intergenerational basis, bringing together seniors, migrants and young people, with the help of adult educators, to overcome the digital and social exclusion of these groups, by allowing them to work together on bridging key skills gaps.

THERE ARE NO BOUNDARIES OR BORDERS IN THE DIGITAL AGE.

Karim Rashid

Project Results

PR1: Befriending as an Intergenerational Approach to Digital Skills Development - **A study with good practices** in intergenerational and community-based adult education practices in downloadable form.

PR2: **Bestie Intergenerational Network Guide and Clubs** – Community-based befriending for social and digital inclusion creates inclusive environments that foster equity and equality, through 2 steps: a. sharing a Network Development Guide and b. forming Bestie Intergenerational Network Clubs (France, Ireland, Spain, Greece), with members of every target group.

PR3: **Dig Comp Toolkit for Everyday Living** - a set of practical everyday tools, easily applicable to citizen's everyday digital life.

PR4: An interactive learning platform - **BESTIE Interactive Learning Digital Platform** – which is accessible online.

The outputs will produce positive changes in both knowledge and attitudes, as well as a direct improvement in the quality of nonformal pedagogic strategies employed by informal adult educators.
